Help Build The Cruiser Los Angeles

TO BLAST A ROAD TO TOKIO

From the South Pacific, from Alaska and from the Mediterranean comes good news of Allied successes on land and sea. Everywhere our Navy is in the thick of the battle, establishing new records of glory for fighting ships and fighting men.

But even victorious battles are costly. Just the other day another gallant cruiser went down proudly in the thick of the fight. We must build new ships to take her place and keep on building... faster and faster... until final victory is won.
